CARF SURVEY

A survey team from CARF International will be visiting March 11 & 12, 2024. We invite the surveyors to evaluate how well we meet international standards for quality. The survey will tell us what we are doing well and ways we might be able to improve services. As a result of this survey, we hope to receive a 3 year accreditation, as we have the last 9 reviews.

As part of the survey, the surveyors will interview people who receive services, their families, our staff, and others. If you would like to talk with one of the survey team members or want to learn more about CARF International, please let one of our Program Managers/Coordinators know. You may also contact CARF International directly at:

GROUND BREAKING CEREMONY

We are extremely excited to announce the start of the expansion and equipment update at the Person County Recycling Center. This plan has been a dream and a need for over 15 years and thanks to our supportive Person County Board of Commissioners and Management Team, this dream is becoming a reality. Come join us for this memorable event as we celebrate moving forward!

Mandatory Career Counseling was held 12/5/23

Representatives from Vocational Rehabilitation hosted Career Counseling with employees of Person Industries and Person County Recycling Center on December 5, 2023. The purpose of Career Counseling is to teach our employees about their options. Individuals earning less than minimum wage that are paid under the 14-C Department of Labor and Special Minimum Wage Certificate must attend Career Counseling annually. As a result, Vocational Rehabilitation Services provided the **mandatory** Career Counseling this year to our employees that are currently working.

Closings and Delays

Please remember to call the Person County Weather Line (**336-597-1700**) for information on closings or delays during inclement weather. If you are included in PI's internal Text Alert System, you will receive text updates. Contact our front desk to sign up if needed.
